Kentucky Home

OWNED & MADE
in the USA!

tumbled THIN BRICK

Finally, truly **Tumbled Thin Brick**! Clover Creek does not rely on simulation or post fire chipping to achieve a tumbled brick look. Our brick is tumbled "Green" to give it a natural, soft tumbled look. So, if you want a brick that looks 150 years old the day you put it on the house, Clover Creek Tumbled Thin Brick is for you!

NEW COLOR! Holt's Farm

NEW COLOR! Vineyard

White Azalea

Lincoln Heritage

Old Breckinridge

Kentucky Home

Brick and Tile making at this site dates back over **125 years**. This experience makes for an incredible product that is unique to the brick industry. There's no reason to sacrifice the beautiful "Old World" look of Tumbled Brick when installing Thin Brick. We can give you the latest in "Thin Brick" technology but still give you a product that looks like an antique hand-molded brick. **Now that truly is unique!!**

As Easy As 1-2-3!

White Azalea

A process so simple that
You Can Do It Yourself!

**NO MASON
NEEDED!**

Catch the Green Wave!

We Use Less of Everything

- 80% LESS Shale used in product
- 80% LESS Energy used to fire
- 80% LESS Energy used to transport
- L/600 vs. L/360 for Tabs II & L/240 for Ambrico

Lincoln Heritage w/ICF

So You Can Use Less of Everything

- 80% LESS Mortar used with Thin Brick
- 25% LESS Labor with Tabs, Ambrico or Loxon
- NO Lintels or additional footers required
- NO highly skilled labor required to install
- Panel systems take care of the water
- Great for use with ICF wall systems

Do MORE when you Go Green!

Clover Creek offers two sizes of Tumbled Thin Brick. Our **Modular** brick is the standard 2-1/4" x 7-5/8" x 1/2" size, but we also offer an **Oversized** brick that is 2-3/4" x 7-5/8" x 1/2" in size. That's 12% more coverage **FOR THE SAME PRICE!**

tumbled THIN BRICK

From enhancing a home's character to increasing the overall value, Clover Creek Brick Company's Tumbled Thin Bricks are an updated version of a classic brick original.

Easy-to-apply Clover Creek Tumbled Thin Brick transforms any application into a beautiful living environment reminiscent of another time. Regardless of personal taste and style, you can set the mood of any room with a brick fireplace and surround, arched doorways and windows, or create an outdoor living environment. Magnificent indoor and outdoor applications without the need for load bearing foundations allows for virtually unlimited design applications. Thin bricks are available in a wide variety of colors to match any decor.
